RESIDENTIAL LOCK

2022

INQUE Group

INQUE was born to provide Kitchen hardware solutions in Mumbai, India. Today, we are also providers of shutters and cabinetry. For us, providing the best customer service, customer experience and company culture is of utmost importance.

INQUE is a homegrown brand with its established, experienced and esteemed roots founded by a family that created ENOX.

A firm foundation for Pooja Hardware Pvt. Ltd. was laid down in the year 2007 with the brand ENOX with its product portfolio comprising Glass hardware, sliding solutions, door control, furniture fittings and kitchen hardware.

With time being grateful, our hard work helped us reach a commendable milestone of sales volume which progressively increased year on year.

In the year 2014, A Swedish multinational company named ASSA ABLOY acquired ENOX, with the branch of business that deals in locks and hardware. At that time, We were the market leader employing 220 passionate employees in our team. Since, the Kitchen Hardware business was not acquired from our product portfolio, we decided to continue our Kitchen Hardware under the INQUE brand with Pooja Hardware.

To take INQUE to a different height, we have started a new company named Inque Solution LLP. Inque Group of companies have acquired multiple brands, out of which AVEO Hardware India Pvt. Ltd. is one of its prized possessions.

Security is your concern; and ours is specialty. At RIOO, we believe your assets deserve better security that's easy to set up and use, and requires minimal attention and care while providing security and ease which cannot be compromised.

Established in 2015 as a Digital Door Lock brand, RIOO now has complete door hardware solutions along with home automation under its umbrella of products & services. A professional security smart solution provider, RIOO was born in Mumbai, India with its wings spread all across the country. With its distinct features in the digital lock systems, we have superior quality Digital Locks with 5-in-one features.

Our Keyless Solutions bring you the convenience to unlock your main door lock with Fingerprint, RFID Card, Mechanical Key, PIN Code or Mobile APP. Our Digital And Mechanical Security Locks (Mortise, Deadbolt, Rim, Cabinet) are continually pushing the limits of home security which works easily with doors.

Our locks are safe, strong and secure and have been tested to withstand adverse conditions. Not only are they technologically advanced but also have a high style quotient. With its sleek and contemporary design, they can aesthetically elevate your spaces. Customised designs are available for commercial, multi-family and mixed-use applications. RIOO products offer quality and value together while continuing the tradition of excellence every day. Today, countless people trust us and we believe it's just the beginning.

VISION

To upgrade the community by evolving from the traditional mechanical locks to digital and affordable Door Lock Solutions.

MISSION

To present an excellent digital & mechanical door solution hardware range with latest technologies and commendable service to our valued customers globally.

Mrs. BHAVNA SHAH
CHAIRPERSON

Mr. DIVYESH SHAH
MANAGING DIRECTOR

CEO

Fingerprint

Secure Fingerprint access means you will never have to worry about forgetting your passwords or lost keys. It is the most convenient way to get in with precise and rapid one-touch direct fingerprint identification.

Pin Code

The fashionable and advanced touch keypad technology is used. Lock not only supports the opening with various pin codes but also you can set time bound or one-time usage guest codes as well.

RFID Card

Unlock your door with a key tag or key card with a simple tap. Sleek & Smart secure access card eases your entry to your home with just a swipe of the card

Manual Key

For the more traditional users or emergency access, lock comes with a set of mechanical keys, which are unique and secured.

Multiple Level Access Control

Diferent access levels across administrator, normal & guest not only determines their access type but rights as well to add, view or edit settings or users. This maintains control in the right hands

Double Authentication Mode

Using this mode, two-access authentication is required, which makes getting access through your security door much safer and highly secured. It can be combination of two fingerprint access, fingerprint & pin or a fingerprint & RFID card.

Voice Guidance

Display screen and systematic voice guidance smoothly guides you through various option & settings making it conveniently easy to use and operate.

Child Safety Lock

For the safety of the occupants, the child safety locking feature can be engaged and the lever handle will not operate. Thus preventing any child to open the lock.

Emergency Power Supply

Battery exhausted- no issues. Simply power up your lock with 9V portable power source with USB port and open the lock with your preferred access type.

Alarm Indicator

If someone tries to open or break the door with force or enter an incorrect access input more than 3 times consecutively, the door lock sounds a warning and disables authentication for 3 minutes to help prevent trespassing.

Random Secure Code

Scrambling password to prevent the password from peeped upon by strangers/visitors at any point upon input. You can add codes before and after your original pincodes to make it more secure and privacy.

Auto / Manual Locking Mode

Set the lock in auto closing or manual closing mode. When the door is closed the lock bolts engages automatically in auto mode and in manual mode the locking bolts can be engaged by turning the lever handle.

Privacy Mode

The internal knob can be used for extra bolt to engage thus preventing anybody with access to open the lock from outside. Only the internal occupant can open the door from inside.

Multiple Level Access Control

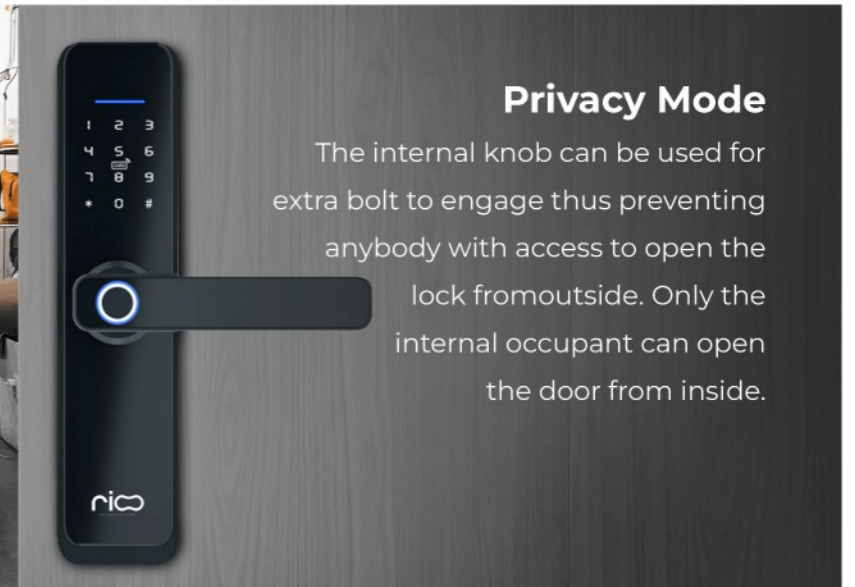

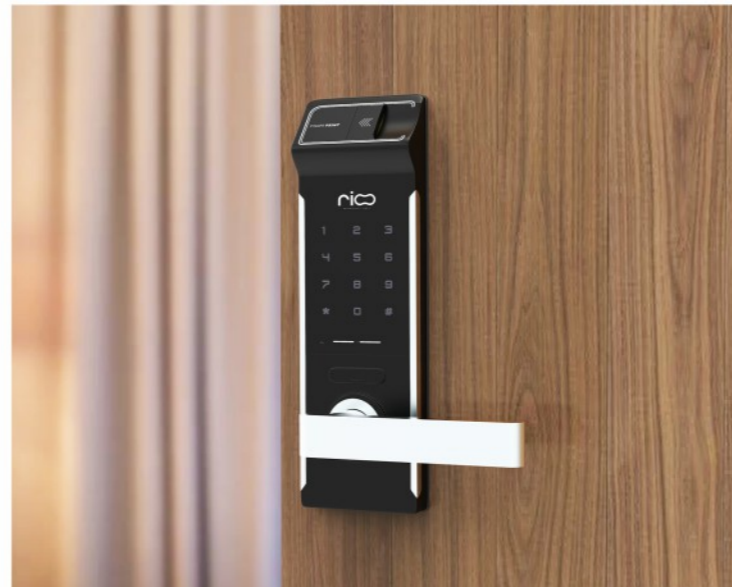

Diferent access levels across administrator, normal & guest not only determines their access type but rights as well to add, view or edit settings or users.

This maintains control in the right hands

Voice Guidance

Display screen and systematic voice guidance smoothly guides you through various option & settings making it conveniently easy to use and operate.

Privacy Mode

The internal knob can be used for extra bolt to engage thus preventing anybody with access to open the lock from outside. Only the internal occupant can open the door from inside.

- Optional Color: Black, Silver, Golden
- Automatic lock / Relock features
- Password-Hide / Guest Pin Number feature
- Fingerprint Registration feature (Up to 100 users)
- Smart card Registration features (Up to 50 users)
- 40mm to 60mm Thick Wooden Door
- Use a Bluetooth Connection to Open and Close Door
- Video Door Phone (Optional)
- Remote Control (Optional)

MRP: ₹ 57,000/-

RDPPL-1111

RIOO Digital Push-Pull Lock

- Automatic lock / Relock features
- Password-Hide feature
- Smart card Registration features (Up to 50 users)
- 35mm to 55mm Thick Wooden Door
- Emergency Mechanical Key
- Adjustable volume setting with Muting features
- External 9V Emergency Battery Terminal

- Product Size: 60mm Diameter
- Material: Zinc Alloy
- Color: Black
- Fingerprint Registration Feature (120 users)
- Password Registration Feature (150 users)
- RF Card Registration Feature (200 users)
- Applicable Door Thickness: 35mm to 65mm
- APP Control: RIOO APP

MRP: ₹ 19,500/-

RDML-6007-BL

Fingerprint Smart Door Lock

CABINET *Lock*

- Material of lock body: ABS+Zinc Alloy
- Various working modes available (public mode, private mode, manual mode).
- Micro USB connector/3.5mm socket for emergency power supply.
- Capacitive fingerprint scanner, high sensitive, can store 50 fingerprints.

MRP: ₹ 14,999/-

RDCL-1021-NEW

Fingerprint Cabinet Lock

- Material: ABS+Zinc alloy
- Various working modes available (public mode, private mode, manual mode).
- Master and User PIN Number
- Micro USB connector/3.5mm socket for emergency power supply.
- power type: 4xAAA batteries

MRP: ₹ 8,999/-

RDCL-1023-NEW

Digital PIN Code Lock

- Application: Drawer, Cabinets, Openable
- Type: RFID Card & Password Access
- Suitable Wooden Panel Thickness: 16-18mm
- PIN / RF card: (20 User RFID Card & One Password)
- Emergency supply: Micro USB connector/3.5mm socket

MRP: ₹ 5,999/-

RDCL-1026

Digital RFID & PIN Code Lock

- Material: ABS+Zinc alloy
- Various working modes available (public mode, private mode, manual mode).
- High frequency card: MFI, 13.56MHz

MRP: ₹ 7,999/-

RDCL-1027

Digital RFID Card Invisible Lock

- Application: Drawer, Cabinets Openable
- Type: Password Access
- Suitable Wooden Panel Thickness: 16-20mm
- PIN Number: 1 User
- User code: 1 to 8 Digits
- Emergency supply: Micro USB connector/3.5mm socket

MRP: ₹ 4,999/-

RDCL-1025

PIN Code Lock

- Material of lock body: ABS
- Various working modes available (public mode, private mode, manual mode).
- Micro USB connector/3.5mm socket for emergency power supply.
- High frequency card: MFI, 13.56MHz
- Available: wrist band

MRP: ₹ 9,999/-

RDCL-1028

Digital RFID Card Lock

- Material: ABS+Zinc alloy
- Various working modes available (public mode, private mode, manual mode).
- Master and User PIN Number
- Micro USB connector/3.5mm socket for emergency power supply.

MRP: ₹ 9,999/-

RDCL-1029

Digital PIN Code Lock

- Material of lock body: ABS
- Various working modes available (public mode, private mode, manual mode).
- Master and User PIN Number
- Micro USB connector/3.5mm socket for emergency power supply.
- Capacitive Fingerprint scanner, high sensitive, can store 100 fingerprint.

MRP: ₹ 14,999/-

RDCL-1032

Fingerprint Cabinet Lock

- Material: ABS+Zinc alloy
- Various working modes available (public mode, private mode, manual mode).
- Master and User PIN Number
- Micro USB connector/3.5mm socket for emergency power supply.
- High frequency card: MF1, 13.56MHz

MRP: ₹ 10,999/-

RDCL-1030

Digital RFID & PIN Code Lock

- Material of lock body : ABS+Zinc Alloy
- Various working modes available (public mode, private mode, manual mode).
- Micro USB connector 3.5mm socket for emergency power supply.
- Capacitive fingerprint scanner, high sensitive, can store 50 fingerprints.

MRP: ₹ 14,999/-

RDCL-1033

Fingerprint Cabinet Lock

- Material of lock body: ABS
- Various working modes available (public mode, private mode, manual mode).
- Micro USB connector/3.5mm socket for emergency power supply.
- Capacitive Fingerprint scanner, high sensitive, can store 100 fingerprint.

MRP: ₹ 14,999/-

RDCL-1031

Fingerprint Cabinet Lock

- Material of lock body : ABS
- Various working modes available (public mode, private mode, manual mode).
- Master and User PIN Number
- Micro USB connector/3.5mm socket for emergency power supply.
- Capacitive fingerprint scanner, high sensitive, can store 50 fingerprints.

MRP: ₹ 14,999/-

RDCL-1034

Digital Fingerprint & PIN Code Lock

- Material of lock body : ABS
- Master and User PIN Number
- External battery box & adapter for power supply, etc.
- Micro USB connector/3.5mm socket for emergency power supply.
- Capacitive fingerprint scanner, high sensitive, can store 100 fingerprints.

MRP: ₹ 14,999/-

RDCL-1035

Digital Fingerprint & PIN Code Lock

- Various working modes available (public mode, private mode, manual mode).
- Suit for single/ double door glass cabinets.
- Suit for different door thickness: 1-9mm.
- 6-digit keypad and 4-8 digit password/code unlocking.
- High sensitive touchscreen keypad.
- Master and user Pin

MRP: ₹ 6,999/-

RDCL-1039

Digital PIN Code Lock

- Material of lock body : ABS+PC
- Suit for different locker material: wooden, metal, MDF, etc.
- Different working modes suit for various applications.
- With low voltage alarm function to remind user change battery.
- Master and user Pin

MRP: ₹ 5,999/-

RDCL-1037

PIN Code Lock

- Material : Keypad: ABS, Lock tongue: zinc alloy
- Suit for showcase, single/double door glass cabinets.
- Suit for different door thickness: 1-9mm
- 6-digit keypad and 4-8 digit password/code unlocking.
- High sensitive touchscreen keypad

MRP: ₹ 6,999/-

RDCL-1040

PIN Code Lock

- Material : Keypad: ABS, Lock tongue: 430 stainless steel
- Suit for showcase cabinets, glass cabinets, sliding cabinet door, etc.
- Suit for different door thickness: 0-9mm.
- PIN code unlocking (10 digits).
- RFID card unlocking (50 users)
- Rubber button keypad, hing operation tolerance.

MRP: ₹ 5,999/-

RDCL-1038

Digital RFID & PIN Code Lock

- Material : Panel: Zinc alloy, Lock Latch: Steel
- Suit for drawer, cabinet, wardrobe.
- Suit for door thickness from 16-20mm.
- High sensitive fingerprint reader, 100 Fingerprints unlocking.
- 6-digit keypad and 1-10 digit password/code unlocking.
- Emergency power supply.

MRP: ₹ 4,850/-

RDCL-1041

Fingerprint & PIN Code Lock

- Material : Panel: Zinc alloy, Lock Latch: Steel
- Suit for drawer, cabinet, wardrobe.
- Suit for door thickness from 16-20mm.
- High sensitive fingerprint reader, 20 Fingerprints unlocking.
- Bright circular light in three color for different signal.

MRP: ₹ 4,950/-

RDCL-1042

Fingerprint Cabinet Lock

- Material : Panel: ABS, Lock Latch: Steel
- Suitable for drawer, cabinet, wardrobe
- Suitable for door thickness from 16-20mm
- High sensitive fingerprint reader, 20 Fingerprints unlocking.
- LED light in three color for different signal
- Emergency power supply.

MRP: ₹ 3,850/-
